IMPROVED HIGHWAYS

Are What the Township Line Farmers' Club Want.

A BILL TO BE INTRODUCED

An Outline of the Measure Which the Club Will Ask the Legislature to Pass. It Has Many Good Features and Should Become a Law.

The bill to be introduced into the legislature by the Township line farmers' club, is a move in the right direction, and should receive the hearty support of the Columbiana county representatives.

The purport of the bill is as follows: "That we favor a law making it mandatory upon the county commissioners to open up to their proper and lawful width, straighten where practicable, and establish proper and uniform grades in all the state and county roads and make proper drainage, commencing first with the state roads. All grades to be established by the county surveyor or a practical surveyor and civil engineer, employed by the county commissioners, the surveyors to also make an estimate of the work to be done.

With reference to piking the same, or its use by electric railways, the commissioners are to keep, or have kept, a correct account of all expenditures of public money, for above purposes, each road to be designated numerically or alphabetically and the cost of each kept separately, so that if at any time should any or parts of it be used by electric railways, the company so using will pay to the county all cost of construction on such graded roads, for right of way, the consent of the people first being obtained by vote.

That for the purpose of establishing and grading the aforesaid roads, all able bodied male citizens of the United States, and those who have declared their intention to become such, between the ages of 21 and 55, not an honorably discharged soldier or sailor of the late war, members of a militia company, or unpaid fire department, shall, in lieu of military duty or free fire service, pay into the county treasury the sum of \$3.00 per annum, and the commissioners shall also levy so many mills upon the taxable property of the county in excess of that levied by the township, trustees, for keeping in repair the common highways."

The taxing of each man in Columbiana county for this purpose, the sum of \$3.00 per year, would make a total of \$40,000, and the assessment of one mill on all taxable property, would foot up another \$40,000, making in all a grand total of \$80,000 a year to be expended on the roads.

The grading and drainage is the basis of good roads, and after it is done it will be an easy matter to get the highways piked.

The suggestion was made that the state now had 2100 prisoners in the penitentiary, 1200 of whom had not done any work for 19 months past, and that they could be utilized for the purpose of piking the roads, the county so using them paying to the state a nominal sum for their work.

REPLY TO AKRON LETTER.

A Citizen and Taxpayer of East Liverpool Loves the Bible.

EDITOR NEWS REVIEW.—In reply to our friend in Akron, whose letter appeared in the NEWS REVIEW yesterday: "Yes, it is the same dear old Bible, King James' translation, which has been declared to be the word of God. And our once honorable school board, who were elected by the good citizens of East Liverpool, and who took an oath that they would perform their duty to the best of their ability, to the advancement of our common schools, to the interest, welfare and good of our children, have, with one exception, been weighed in the balance and found wanting. Therefore, we will see to it that, if they survive their present term, they shall rule in the school board no more forever in East Liverpool. The Lord said, 'Father, sanctify them by thy word. Thy word is truth.' They have cast it out. They love darkness rather than light. But God-fearing, God-loving citizens say, 'Turn on the light.' Woe unto you, ye who promised to stand by the truth, and then cast it out. Whether it is better to hearken to the few, whom you desire to favor, or to the God in whose hands thy breath is? Judge ye. But know this, that for every idle word and imperfect deed, ye shall render an account in the day of judgment. And 'whosoever shall be ashamed of Me and of My word, of him shall the Son be ashamed in the Father's kingdom.' I say, as a voter and taxpayer of East Liverpool for 23 years, and one hav-

ing children in the schools, I want them to hear the word of the Lord every day, at home and at school. They can't hear too much of it. Turn on the light. Yes, Akron, 'tis the same dear old Bible our mothers loved so well."

MADISON TOWNSHIP

Endorses Hon. R. W. Taylor and W. L. Smith.

The Republican caucus of Madison township, for the choice of delegates to the congressional convention, occurred Saturday, 15th inst. By unanimous consent W. K. George was chosen delegate and Wm. Bailey alternate. A general approval of the record of R. W. Taylor, of this county, in the United States congress, was expressed. It was also apparent that W. L. Smith, of East Liverpool, was the favorite for the honor of delegate to the St. Louis convention. The committee on resolutions reported the following, which, by general consent, was adopted:

WHEREAS, The Hon. R. W. Taylor, of this county, having, during his short period as representative to U. S. congress, given evidence of ability and assurance of a career of future usefulness to the people; therefore,

Resolved, That the delegate from this township is hereby instructed, both by vote and influence, to support his renomination.

Resolved, That the earnest and efficient labors of W. L. Smith, of East Liverpool, for the success of the Republican party in this county, merits recognition, and that we heartily endorse his candidacy for the honor of representing this district at the national convention at St. Louis, and that our congressional delegate is directed to use whatever honorable means at his disposal to aid in insuring his election.

CALLED HIM DOWN.

A Motorman Rebuked for Insolence By an Indignant Passenger.

A patron of the street car line objects strongly to the ill manners displayed by a motorman yesterday. The person referred to boarded a car, having in his possession a box. He placed two nickels in the slot—one for his fare and the other for the box. Not knowing that ten cents was charged for all baggage carried, the owner was startled by a demand from the motorman, accompanied by a strong flow of profanity, to hurry up and pay full fare for the box or he would be under the painful necessity of kicking the articles in dispute off the platform. The passenger dared the motorman to carry into execution a deserved rebuke to the insolent motorman, the extra nickel was placed in the slot.

WEDDING BELLS.

M. J. Stevens and Miss Mary E. Gilgrist Made One.

Mr. M. J. Stevens and Miss Mary E. Gilgrist were united in marriage last night. Elder C. W. Huffer performed the ceremony, and the wedding took place at their beautifully furnished home at No. 237 Third street. About twenty guests were present. An elegant wedding dinner was served. The bride and groom were the recipients of several beautiful and costly presents. Among others were a decorated dinner set and a decorated toilet set to the bride, from her friends in the Dresden pottery. A good orchestra furnished music for the occasion, and at a late hour the guests, after wishing the bride and groom a long and happy life, departed to their homes.

BRAWN AND BRAIN.

The Office Force at the Freight Depot Are a Hardy Set of Fellows.

The clerical force of the freight depot clearly demonstrated this morning that they are men of muscle and strength, as well as possessing more than the average amount of brain power. An immense cargo of rope, weighing several tons, had to be removed from one of the cars and the task was too much for the regular force of men employed doing that work. Agent Thomas called into requisition the combined clerical department and the difficult task of unloading the unwieldy material was accomplished with comparative ease.

WILL NOT RESIGN.

Notwithstanding a Statement in a Local Paper.

J. N. Rose wishes to be distinctly understood that he will not resign his position as Justice of the Peace in order to serve in council, if elected. He has looked up the law on this point and cannot find any clause that will prevent him from acting in both capacities, notwithstanding the statements of a local paper to the contrary.

ANOTHER ASSIGNMENT

Of Cases Made at the County Capital Today.

SALOONISTS GET HEAVY FINES

Happenings at Lisbon Today—Miss Lizzie Vallandigham, an Old Resident of the County, Died This Morning—Gilbert Has Returned.

Special to NEWS REVIEW.

LISBON, Feb. 19.—The fourth assignment of cases was made this morning, and are as follows: Tuesday, Feb. 25—John R. Detwiler, an infant, versus William Stewart et al. Wednesday, Feb. 26—George W. Stratton versus Enoch Wickersham. Thursday, Feb. 27—Willis G. Flodding versus Peter Langenecker. Friday, Feb. 28—John Reed versus Beaver Tin Plate company.

Albert Rutter, the Salem saloonist, was tried to a jury yesterday on a charge of having sold liquor to an habitual, was found guilty, and sentenced by Judge Smith to pay a fine of \$50 and costs and be confined in the county jail five days.

Isaac Williams, Clarkson, plead not guilty to the crime of larceny and was tried and acquitted. He was accused of stealing a lot of miner's picks last December.

David Barnhart, saloonist, plead guilty to three charges of having sold liquor to habituals and was fined \$105 and costs.

I. N. Crable, of East Liverpool, was found guilty on two charges of having sold liquor to minors and was fined \$70 and costs.

The motion filed by Mrs. Lewis Kirkbride, Salem, asking alimony in a divorce action brought against her husband, has again been carried over. The hearing was set for yesterday.

A marriage license was issued to Frank Dollars and Adollonenea Shaboll, Leetonia.

Miss Lizzie Vallandigham died this morning at 5 o'clock of hemorrhage, aged 86 years. Deceased was a sister of Clement L. Vallandigham, who was at one time candidate for governor of this state. She came of a very historic family, her father being the first Presbyterian minister in this place. She died in the room in which she was born. Her death leaves but two members of the family, Mrs. Robinson, with whom she lived, and James Vallandigham, a Presbyterian minister.

John J. Gilbert, who disappeared from here a couple of weeks ago, turned up yesterday. He had been at West Point.

THE SALEM NEWS

Has Evidently a Hankering After Liquid Refreshments.

The Salem News bears the reputation of being a clean sheet and of advocating the right as against the wrong. It also bears the reputation of being fair in its decisions and judgments. Referring to the letter which appeared in the NEWS REVIEW some days since, signed "Seven Voters Who Voted For You," the Salem paper terms them "Seven Fools." Were their names published to the world, the editor of the Salem daily would be forced to the conclusion that, if the seven designated are fools, then would the editor stand but very little chance of taking a position in the front rank of those who possess true wisdom. The editor of the Salem daily is very foolish to talk about something he knows nothing about—that is, if he be honest in his opinions and criticisms, and not influenced by his love for strong drink—of looking upon the wine when it is red and giveth forth its color—or else influenced by the power of yellow gold, the article for which the saloon keeper and liquor dealer is willing to barter his immortal soul. The writer of the article signed "Seven Voters," in common with the other six mentioned, have knowledge in their possession which, were it given to Mr. Editor man, would cause him to materially change his mind. If he be an honest man and a good citizen. The "Seven Voters" have a host of voters back of them, good men and true, staunch Republicans, who will make their ballots count for right at the proper moment.

ONE OF THE SEVEN.

HE WILL LEARN WISDOM.

A Member of the School Board Needs a Lesson.

One member of the Board of Education condemns the NEWS REVIEW for not giving to him the names of the teachers who condemn members of the board for their action respecting the Bible in the schools. He also condemns this paper for keeping sacred the names of correspondents who are willing to be known at the proper time, when the publication will

do the most good. He also terms the management cowardly, intimating that the above articles were not written by bona fide correspondents, but concocted in the NEWS REVIEW office. The member will sometime learn wisdom. He ought to know that the NEWS REVIEW sometimes withholds names, in order not to injure innocent persons. He ought to know that teachers do not desire to be known in this case—some of them, at least—as their occupation might be taken from them. He insisted that the name of the teacher who was interviewed by the newsgatherer should be given him; and when he met refusal, the reporter stating that the teacher's head might be chopped off, he, this doughty member of the school board, said: "It don't make any difference—we will chop her head off anyhow." Will they? He ought to know that the people of this city may object to despotism. He ought to be honorable enough to know that the NEWS REVIEW holds sacred its promises to correspondents who sign their full names and request this paper to keep the same from the public at present. And he will know, when he tests the matter, that there is no cowardice in the management of this paper. He may hear from the voters of this city, and the speech will be plain and to the point.

THEIR OPINION.

What the Wellsville Union Has to Say of P. M. Ashford.

Representative Ashford has introduced a bill to increase the salaries of common pleas judges from \$2,500 to \$4,000 per annum. Mr. Ashford will gain quite a reputation as an expert on the introduction of bills. He has already introduced several, most of which have been opposed by some of his constituents. His action in opposing the Haskell-Harris bill has brought down on him the wrath of East Liverpool citizens who, in an open letter to the NEWS REVIEW, roast him unmercifully. It is a matter of great regret to temperate Republicans that Mr. Ashford did not see his way clear to support the bill. It could not have made matters any worse and it surely would have given the people another opportunity to express by their votes, their opinion on the subject. The implied aspersion on the intelligence of those seven who wrote the letter to the NEWS REVIEW, made by the Salem News when it refers to them as the "seven fools who don't know what they are talking about," is a little out of the line of that journal's reputation for fairness and courtesy.

HAD NO CASE.

The Branch of Contract Case Against Harry Webber Dismissed.

The case against Manager Harry Webber, brought by Charles McGillivray, manager of the Salineville opera house, for breach of contract, was tried in Salineville yesterday and resulted in a complete victory for Mr. Webber. The evidence produced showed that McGillivray had played a show two nights of the same week for which he wanted Mr. Webber to pay damages. It was also shown that an error had been made in the issuing of summons and the service of papers. The case was merely an attempt at snap judgment.

ADMIRER THE LETTER.

Many Favorable Comments on the Epistle.

That letter from Akron, touching on the Bible question in the issue of last evening, was directly to the point, said a well known official of the city today. I believe that if the question of whether the Bible should or should not be read in the public schools were submitted to a popular vote, to be decided by the people, the result would be an overwhelming majority in favor of the Bible. If I was entitled to cast ten thousand votes on this question, everyone would be in favor of the good book.

CIRCULATING A PETITION

In Wellsville to Defeat the New Mileage Bill.

The bill introduced into the State legislature reducing the rate of mileage of all railroad companies is creating a great deal of interest in our sister city, and already a petition is being circulated by all employees of the C & P. company, as well as by a large number of her citizens. Ticket Agent Adam Hill is circulating a like petition in this city today, and is meeting with success.

Looking After an Estate.

James Waggle went to Beaver today to finish up business in connection with his father-in-law's estate.

Entertain Tonight.

The Knights of Pythias will entertain in their lodge rooms tonight, and a good time is anticipated.

FOUGHT OVER A GIRL

Two California Hollow Young Men Engage In a Row.

JEALOUSY CAUSED THE TROUBLE

The Boys are Cousins and Both Love the Same Girl—A Challenge that Was Accepted Almost Results in Fatal Injury to One of Them.

Two young men, residents of California Hollow, and cousins to each other, became involved in a dispute over a girl. One was jealous of the other and this led to the quarrel that subsequently followed. The smaller one dared the larger fellow to come out in the middle of the road and have himself knocked into the middle of next week. The challenge was accepted with alarming alacrity, and the bigger man was getting the better of the unequal contest, when the other fellow stooped down and picked up a frozen piece of hard mud and hurling it with all his might, cut a great gash in the head of his opponent. The blood flowed freely from the wound and a doctor was summoned. The young man sank into unconsciousness, and it was with difficulty that he was restored from that comatose condition. Concussion of the brain was caused, but the young man is now out of danger.

The Tea Party.

At the tea party at the rink last night, Joseph Kenny won the cane offered as first prize for the nearest guess to the number of beans in a glass jar. Mr. Kenny guessed 1,520, and the actual number in the jar was 1,500. Three others were tied for second place, giving 1,500 as their estimate. During the evening a lady's boa was found and the person to whom it belongs can have it returned by applying to any of the committee.

Left For Morgantown.

Councilman Kent returned to Morgantown, W. Va., this morning. He has taken another contract at that place that will keep him employed there until the middle of next month. The Liverpool contingent are all well, and it is whispered that one of the party will return home soon to take unto himself a wife, an estimable young lady of this place.

On the Rampage.

A proprietor of a Second street boarding house filled up with a liberal donation of angel water last night, and proceeding to his domicile showed how amiable he could be on some occasions. He raised Cain in general, and incidentally smashed all the dishes in order to vary the monotony of things. The boarders went without breakfast this morning.

Will Go to Pittsburgh.

A large number of American Mechanics will go to Pittsburgh Saturday to attend the celebration of Washington's birthday, to be held in the Smoky city. The celebration will be under the auspices of the Pittsburgh Mechanics, and will be something out of the ordinary.

Appraising Stock.

The stock in the store of Scott & Co. is undergoing appraisal. James Hilbert and Zeb Kinsey are doing the work and will have it completed tomorrow. The entire stock will be sold within 10 days to satisfy the claim allowed the D. E. McNicol pottery company.

Met Last Night.

There was a large attendance at the meeting of the choral union, in Ferguson & Hill block, last night. The union has engaged Miss Reed as an instructor, and will continue practice as heretofore. A light cantata will be given some time in the near future.

A Collision.

Expressman Brookes was driving along Second street yesterday on the street car track, when an electric car came down Washington street, and before Brookes could drive off the track, the car dashed into the wagon and demolished the rear of it.

Fell Asleep.

A good story is told about a young man, a member of the Phoenix club, who fell asleep last night while in company with a fair maid at the dance. Respect for the sensitiveness of the young man prevents us from using his name.

Sprained Her Wrist.

A young lady, whose name was not learned, slipped and fell on the icy walk near the china works at noon today and severely sprained her wrist.

Among the Sick.

Mrs. Croft, of Sheridan avenue, is very ill at her home.

She came of a very historic family, her father being the first Presbyterian minister in this place. She died in the room in which she was born. Her death leaves but two members of the family, Mrs. Robinson, with whom she lived, and James Vallandigham, a Presbyterian minister.

John J. Gilbert, who disappeared from here a couple of weeks ago, turned up yesterday. He had been at West Point.

THE SALEM NEWS

Has Evidently a Hunkering After Liquid Refreshments.

The Salem News bears the reputation of being a clean sheet and of advocating the right as against the wrong. It also bears the reputation of being fair in its decisions and judgments. Referring to the letter which appeared in the NEWS REVIEW some days since, signed "Seven Voters Who Voted For You," the Salem paper terms them "Seven Fools." Were their names published to the world, the editor of the Salem daily would be forced to the conclusion that, if the seven designated are fools, then would the editor stand but very little chance of taking a position in the front rank of those who possess true wisdom. The editor of the Salem daily is very foolish to talk about something he knows nothing about—that is, if he be honest in his opinions and criticisms, and not influenced by his love for strong drink—of looking upon the wine when it is red and giveth forth its color—or else influenced by the power of yellow gold, the article for which the saloon keeper and liquor dealer is willing to barter his immortal soul. The writer of the article signed "Seven Voters," in common with the other six mentioned, have knowledge in their possession which, were it given to Mr. Editor man, would cause him to materially change his mind, if he be an honest man and a good citizen. The "Seven Voters" have a host of voters back of them, good men and true, staunch Republicans, who will make their ballots count for right at the proper moment.

ONE OF THE SEVEN.

HE WILL LEARN WISDOM.

A Member of the School Board Needs a Lesson.

One member of the Board of Education condemns the NEWS REVIEW for not giving to him the names of the teachers who condemn members of the board for their action respecting the Bible in the schools. He also condemns this paper for keeping sacred the names of correspondents who are willing to be known at the proper time, when the publication will

do the most good. He also terms the management cowardly, intimating that the above articles were not written by bonafide correspondents, but concocted in the NEWS REVIEW office. The member will sometime learn wisdom. He ought to know that the NEWS REVIEW sometimes withholds names, in order not to injure innocent persons. He ought to know that teachers do not desire to be known in this case—some of them, at least—as their occupation might be taken from them. He insisted that the name of the teacher who was interviewed by the newsgatherer should be given him; and when he met refusal, the reporter stating that the teacher's head might be chopped off, he, this doughty member of the school board, said: "It don't make any difference—we will chop her head off anyhow." Will they? He ought to know that the people of this city may object to despotism. He ought to be honorable enough to know that the NEWS REVIEW holds sacred its promises to correspondents who sign their full names and request this paper to keep the same from the public at present. And he will know, when he tests the matter, that there is no cowardice in the management of this paper. He may hear from the voters of this city, and the speech will be plain and to the point.

THEIR OPINION.

What the Wellsville Union Has to Say of F. M. Ashford.

Representative Ashford has introduced a bill to increase the salaries of common pleas judges from \$2,500 to \$4,000 per annum. Mr. Ashford will gain quite a reputation as an expert on the introduction of bills. He has already introduced several, most of which have been opposed by some of his constituents. His action in opposing the Haskell-Harris bill has brought down on him the wrath of East Liverpool citizens who, in an open letter to the NEWS REVIEW, roast him unmercifully. It is a matter of great regret to temperate Republicans that Mr. Ashford did not see his way clear to support the bill. It could not have made matters any worse and it surely would have given the people another opportunity to express by their votes, their opinion on the subject. The implied aspersion on the intelligence of those seven who wrote the letter to the NEWS REVIEW, made by the Salem News when it refers to them as the "seven fools who don't know what they are talking about," is a little out of the line of that journal's reputation for fairness and courtesy.

HAD NO CASE.

The Breach of Contract Case Against Harry Webber Dismissed.

The case against Manager Harry Webber, brought by Charles McGilivray, manager of the Salineville opera house, for breach of contract, was tried in Salineville yesterday and resulted in a complete victory for Mr. Webber. The evidence produced showed that McGilivray had played a show two nights of the same week for which he wanted Mr. Webber to pay damages. It was also shown that an error had been made in the issuing of summons and the service of papers. The case was merely an attempt at snap judgment.

ADMIRE THE LETTER.

Many Favorable Comments on the Epistle.

That letter from Akron, touching on the Bible question in the issue of last evening, was directly to the point, said a well known official of the city today. I believe that if the question of whether the Bible should or should not be read in the public schools were submitted to a popular vote, to be decided by the people, the result would be an overwhelming majority in favor of the Bible. If I was entitled to cast ten thousand votes on this question, everyone would be in favor of the good book.

CIRCULATING A PETITION

In Wellsville to Defeat the New Mileage Bill.

The bill introduced into the State legislature reducing the rate of mileage of all railroad companies is creating a great deal of interest in our sister city, and already a petition is being circulated by all employees of the C & P. company, as well as by a large number of her citizens. Ticket Agent Adam Hill is circulating a like petition in this city today, and is meeting with success.

Looking After an Estate.

James Waggle went to Beaver today to finish up business in connection with his father-in-law's estate.

Entertain Tonight.

The Knights of Pythias will entertain in their lodge rooms tonight, and a good time is anticipated.

FOUGHT OVER A GIRL

Two California Hollow Young Men Engage in a Row.

JEALOUSY CAUSED THE TROUBLE

The Boys are Cousins and Both Love the Same Girl—A Challenge that Was Accepted Almost Results in Fatal Injury to One of Them.

Two young men, residents of California Hollow, and cousins to each other, became involved in a dispute over a girl. One was jealous of the other and this led to the quarrel that subsequently followed. The smaller one dared the larger fellow to come out in the middle of the road and have himself knocked into the middle of next week. The challenge was accepted with alacrity, and the bigger man was getting the better of the unequal contest, when the other fellow stooped down and picked up a frozen piece of hard mud and hurling it with all his might, cut a great gash in the head of his opponent. The blood flowed freely from the wound and a doctor was summoned. The young man sank into unconsciousness, and it was with difficulty that he was restored from that comatose condition. Concussion of the brain was caused, but the young man is now out of danger.

The Tea Party.

At the tea party at the rink last night, Joseph Kenny won the cane offered as first prize for the nearest guess to the number of beans in a glass jar. Mr. Kenny guessed 1,520, and the actual number in the jar was 1,560. Three others were tied for second place, giving 1,560 as their estimate. During the evening a lady's box was found and the person to whom it belongs can have it returned by applying to any of the committee.

Left For Morgantown.

Councilman Kent returned to Morgantown, W. Va., this morning. He has taken another contract at that place that will keep him employed there until the middle of next month. The Liverpool contingent are all well, and it is whispered that one of the party will return home soon to take unto himself a wife, an estimable young lady of this place.

On the Rampage.

A proprietor of a Second street boarding house filled up with a liberal decoction of angel water last night, and proceeding to his domicile showed how amiable he could be on some occasions. He raised Cain in general, and incidentally smashed all the dishes in order to vary the monotony of things. The boarders went without breakfast this morning.

Will Go to Pittsburg.

A large number of American Mechanics will go to Pittsburg Saturday to attend the celebration of Washington's birthday, to be held in the Smoky city. The celebration will be under the auspices of the Pittsburg Mechanics, and will be something out of the ordinary.

Appraising Stock.

The stock in the store of Scott & Co. is undergoing appraisal. James Hilbert and Zeb Kinsey are doing the work and will have it completed tomorrow. The entire stock will be sold within 10 days to satisfy the claim allowed the D. E. McNicol pottery company.

Met Last Night.

There was a large attendance at the meeting of the choral union, in Ferguson & Hill block, last night. The union has engaged Miss Reed as an instructor, and will continue practice as heretofore. A light cantata will be given some time in the near future.

A Collision.

Expressman Brookes was driving along Second street yesterday on the street car track, when an electric car came down Washington street, and before Brookes could drive off the track, the car dashed into the wagon and demolished the rear of it.

Fell Asleep.

A good story is told about a young man, a member of the Phoenix club, who fell asleep last night while in company with a fair maid at the dance. Respect for the sensitiveness of the young man prevents us from using his name.

Sprained Her Wrist.

A young lady, whose name was not learned, slipped and fell on the icy walk near the china works at noon today and severely sprained her wrist.

Among the Sick.

Mrs. Croft, of Sheridan avenue, is very ill at her home.

EAST LIVERPOOL, O., WEDNESDAY, FEB. 19.

For President, WILLIAM MCKINLEY, OF Ohio.

True and keen men of business do not employ the drinker and gambler.

GENUINE Christianity, as taught by the Bible, is an everyday life preserver—good for time and for eternity.

If your religion is worth having, it should be the very rock platform controlling your business interests. Plant it in the very center of your daily business life, and let it work out to the surface. If you have the genuine article you will be a good neighbor and friend. True religion and chicanery are diametrically opposed to one another.

YOUR BALLOT.

Look at it very carefully before you deposit it in the ballot box at the coming municipal primaries. It means much more than you may imagine or think. On that single ballot may depend good government and the very best interests of East Liverpool. Select good men for official positions. Vote for men whom you can honor and trust. Vote for men who will enforce the laws and ordinances.

IT IS COMPULSORY.

Superintendents of public schools will please bear in mind that they must attend to the teaching of "scientific temperance" in the rooms over which they have control. The teachers in the various rooms cannot draw their salaries if they neglect this duty. If complaint is entered against them. Superintendents and teachers are not dictators in this particular. They are public servants, and the welfare of the youth of the land is entrusted to their care. If they faithfully and conscientiously and honestly perform their duty, then are they deserving of "well done, good and faithful servant." But if they fail in doing their duty, then must they vacate, and make room for better men and women. The law explicitly states that scientific temperance must be taught in our public schools. It is not prohibition fanaticism or temperance hobby; it is plain, matter of fact LAW, and the evil effects of alcohol upon the human system must be taught to the children and youth. Must be the word. Turn on the light.

MORAL SUASION.

Those who dread the stern demands of justice, on account of outraged law, are always warm advocates of moral suasion. And this same class of law-breakers are always deeply in love with the ministers of the gospel, just as long as said ministers deal in moral suasion. But let these ministers advocate legal suasion, the enforcement of laws and ordinances against obdurate, reckless and dangerous members of the community, who laugh in their sleeves at prayers and pleadings of good men and women, and these same lawbreakers cry out, in hot terms of denunciation: "The ministers of the gospel have no place outside of the pulpit; they have no right to enter the field of politics; their religion teaches them that they must win us by love and not by compulsory or legal measures." It is amusing to read the columns of a daily paper of East Liverpool, noted for its advocacy of evil and for its attacks upon the ministers of the city; noted for its advocacy of the saloon element and ever ready to make excuses for illegal liquor selling; noted for its attacks upon local officials who attempt to enforce the laws and ordinances and perform their sworn duty; it is indeed highly edifying to see this sheet "blow hot and cold"—pat the ministers upon the back and tell them that they have recovered their senses, that they are now engaged in their legitimate work, the evangelization of the world, and then refer to the work of the meek and lowly Nazarene—truly the leopard has changed his spots, and the breath of evangelism must have even greater power in opening hearts than has the jimmy for opening doors.

SPEAR IS EXONERATED

Majority Report Adopted by the House.

THE DOW TAX IS INCREASED.

Goodale Bill Becomes a Law by Passing the Senate—A Bill Introduced to Tax Druggists \$25 a Year—Other Measures Considered in Both Houses.

COLUMBUS, Feb. 19.—The committee of the house, which has been investigating the charge that Representative Spear of Clinton county offered to recommend a guardianship in the penitentiary in consideration of \$300, has made its report, exonerating Mr. Spear. The report was accepted. The report was signed by the four Republican members of the committee, the Democratic member submitting a report censuring Mr. Spear.

The Goodale bill increasing the Dow liquor tax from \$250 to \$350 became a law by its passage in the senate.

Reducing the compensation of tax inquisitors to 10 per cent of taxes returned through the agency of such officers.

Providing that foreign casualty companies shall not be required to make a \$50,000 deposit with the superintendent of insurance upon showing to that official that said company has \$200,000 on deposit in its own state.

Providing for an annual tax of \$25 upon proprietors of drugstores. In the house Mr. Workman introduced a bill levying an excess tax on all vehicles in the state.

Mr. Stivers has prepared a bill to require every voter to make affidavit at the polls that he has not received a bribe.

A bill was introduced appropriating \$70,000 for salaries of members and expenses of the general assembly. Passed. These bills passed the house.

Providing for the redemption of \$10,000 worth of bonds issued by the state board of agriculture.

Prominent Man's Terrible Death.

CLEVELAND, Feb. 19.—While Mr. Alfred Whittaker, recently chairman Democratic county central committee and a very prominent business man of Cleveland, and his two sons, Dana and Don Cannon, were driving in the village of Bedford, a Cleveland, Canton and Southern fast mail train struck their cutter, hurling Mr. Whittaker a distance of 50 feet and killing him instantly and inflicting probably fatal injuries on Dana, Cannon and serious injuries on the driver, John Rich.

THE MISSING TURN UP.

Three the Number Dead From the Troy Fire Disaster.

TROY, N. Y., Feb. 19.—What seems almost a miracle in connection with the disastrous conflagration in Troy is the fact made evident that the loss of life is no greater than was accurately detailed by these dispatches yesterday. The list of three killed and 15 wounded is verified, and the miracle appears in the fact that those noted as missing have reported, and out of the 300 human beings who crashed and struggled for life in the flame-bound building but three fatal endings came. The names of those who were killed and wounded were correctly given exclusively in these dispatches yesterday.

During the panic Rev. Michael Fogarty, assistant pastor of St. Peter's church, ran upstairs to cheer the girls with encouraging words. He gathered a number of women around him and led them safely from the burning building.

TO RESTRICT IMMIGRATION.

A Strong Bill Reported to the Senate by Senator Lodge.

WASHINGTON, Feb. 19.—Senator Lodge, chairman of the committee on immigration, has reported a bill from that committee for the restriction of immigration. The bill provides for the exclusion of all persons who are so ignorant as to be unable to read and write any language. Senator Lodge presented a written report on the bill in which he says:

"This measure if adopted will exclude a large portion of the present immigration and with few exceptions will tell exclusively on the most undesirable portions of immigration alone. No measure can be devised which will let in absolutely everyone who ought to come in and exclude every immigrant who ought to be shut out, but the percentage of desirable immigrants who would be excluded by this bill would be reduced to the minimum."

BLACKBALLED ANDREW CARNEGIE.

A Lawyer's Speech Bars Him From the Cleveland Chamber of Commerce.

CLEVELAND, Feb. 19.—The Cleveland chamber of commerce has blackballed the name of Andrew Carnegie, which had been proposed for honorary membership.

Before the vote was taken L. A. Russell, a leading attorney made a speech, saying that he had been led to suspect Mr. Carnegie made his fortune because of tariff protection, and he also suspected from what he had read of the Homestead strike that he was an oppressor of the poor. Unless somebody could convince him to the contrary, he would vote against admitting Mr. Carnegie to membership. Five blackbals were voted—the constitutional number required to debar an applicant.

SURE OF NEW SHIPS.

Four and Maybe Six Battle-ship May Be Built.

NEW TORPEDOBOATS FAVORED.

The House Sub-Committee on Naval Affairs in Favor of Improving the Navy—Guns to Be Built For the Subsidized Ocean Flyers.

WASHINGTON, Feb. 19.—A considerable increase in the number of battleships for the navy is likely if the views prevail of the sub-committee of the house naval affairs committee having in charge the preparation of the naval appropriation bill. The sub-committee was in session several hours, and the discussion disclosed a majority in favor of making provision for at least four and probably six line-of-battle ships. The torpedo-boats to be authorized will depend very largely on the number of battleships recommended. Should only four battleships be provided for some of the members think 20 torpedo-boats should be allowed, but if an agreement is reached that six battleships are wanted, then the number of torpedo-boats will probably not exceed six to ten.

Secretary Herbert recommended a provision for the enlistment of 1,000 additional men for the navy, and favorable action was taken by the sub-committee regarding it. These men are needed, many of them, for the manning of the new ships, being commissioned from time to time. The sum of \$200,000 will be appropriated toward the construction of guns or the vessels subsidized by the government—such as the Paris and the New York, and which may be called on for naval purposes in case of necessity.

SENATORS HAVE TILTS.

Lively Colloquies Between a Number—Appropriation Bills Passed.

WASHINGTON, Feb. 19.—The session of the senate furnished a succession of breezy incidents. Little actual work was accomplished, but brief debates in a number of subjects developed frequent sharp personal exchanges between the senators. Mr. Hill of New York had a lively tilt with Mr. Tillman of South Carolina during the debate on Mr. Peffer's resolution for a senate investigation of the recent bond issue. Mr. Allen of Nebraska joined issue with Mr. Clegg of Iowa and Mr. Wolcott over the course of the Pacific railway committee in conducting their inquiry. Mr. Chandler and Mr. Cockerell had an animated but good natured colloquy, and General Hawley and Mr. Allen had a difference somewhat less good natured.

Two appropriation bills, the military academy and the pension bill, were passed. Efforts were made to amend the military academy bill by increasing the number of cadets by two from each state, 90 in all, but after a debate of three hours the plan was defeated. The pension appropriation bill, carrying \$142,000,000, was passed, after 10 minutes' debate.

MORTON MUST DISTRIBUTE SEEDS.

The Agricultural Bill Amended and Passed by the House.

WASHINGTON, Feb. 19.—The house has passed the agricultural appropriation bill. It carries \$3,158,192. The section of the revised statutes for the purchase and distribution of "rare and uncommon" seed which Secretary Morton declined to execute in the current appropriation law was repealed, the appropriation for seed was increased from \$10,000 to \$150,000, and its execution was made mandatory upon the secretary. Mr. Cousins of Iowa introduced his amendment to reduce Mr. Morton's salary from \$8,000 to \$35, until he expended the appropriation in the current law, but the amendment was ruled out on a point of order. Several amendments to the meat inspection act of 1891 recommended by Mr. Morton, which would have given him additional power to enforce regulations and have strengthened the law by the imposition of penalties and violations, were stricken out.

A resolution was adopted directing the committee on ways and means to investigate the effect of the difference of exchange between gold and silver standard countries upon the manufacturing industries of the United States.

GOLD RESERVE ABOVE \$100,000,000.

Morgan Syndicate Likely to Get the Bonds Not Paid For.

WASHINGTON, Feb. 19.—Secretary Carlisle has not yet decided to whom shall be awarded the bonds upon which default of payment of the first installment was made, nor will he do so until the exact amount of the defaults has been ascertained. There seems to be no reasonable doubt, however, that they will be awarded to J. P. Morgan and his associates under their blanket bid of \$10,657.

The gold withdrawals yesterday were: Coin, \$896,700; bars, \$35,800; leaving the true amount of the gold reserve, \$80,439,784. It is stated, however, that estimates received of gold deposits at the several sub-treasuries during the last few days increase the reserve to about \$110,000,000.

CLARA BARTON AT WORK.

Minister Terrell Secures Protection For Her in Distributing Relief.

WASHINGTON, Feb. 19.—Full success has attended the efforts of Miss Clara Barton to prepare the way for the distribution of alms among the sufferers in Armenia. United States Minister Terrell, at Pera, Turkey, has cabled Secretary Olney that he presented Miss Barton at the sublime porte and received assurances of full protection and aid for her agents in dispensing charity.

Her assistants go at once to the interior of Turkey, while Miss Barton's headquarters will be established at Pera, the diplomatic suburb of Constantinople. Mr. Terrell has labored hard with the Turkish government to secure these privileges for Miss Barton.

Secretary Morton Gives a Dinner.

WASHINGTON, Feb. 18.—Secretary and Miss Morton entertained the president and the cabinet at dinner last night.

MORE LONG DISTANCE FIGHTING.

Corbett and Fitz Pay Respects to Each Other by Telegraph.

EL PASO, Tex., Feb. 19.—Fitzsimmons has received the following telegram from Corbett at Chicago: "I read in the papers that you said I was a cur. The next time I see you I will make you take it back, like I did before."

Julian sent the following reply: "All right, chappie. Get yourself in good condition and get down here quick, but mind you, get yourself in better condition than you were at Hot Springs. Fitzsimmons will put you out of existence the very next day after he places Maher among the has-beens."

Fitzsimmons says he will whip Maher and become champion, and then give Corbett a chance to win it back. Buck Connelly declares Maher will be in the ring on Friday; that he thinks Peter will be in reasonable shape then so far as his eyes are concerned. Dr. Gandell declares that while Maher may, he should not attempt to fight under a couple weeks. Should the men fight the battle is expected to be a short and sharp one. It is the plan of the Maher party, if they must fight, to send their man after Fitzsimmons with a rush in the hope of getting Fitzsimmons on the go, and landing him by a fortunate blow early in the proceedings. It is in fact about the only hope the ill-conditioned man has.

Later reports from Las Cruces are to the effect that one of Maher's eyes is entirely well and that the other is practically free from inflammation. He has begun to train again. It is announced that he surely will be in condition to enter the ring on Friday.

BANK ROBBERED IN DAYLIGHT.

A Cashier in San Francisco Shot At—The Robbers Escape.

SAN FRANCISCO, Feb. 19.—Three masked men entered the Market Street bank, a small institution in the Spreckels building, shortly after 10 a. m., and ordered Cashier Hopkins and Bookkeeper Hayhurst to throw up their hands. Hopkins, who was at the counter, refused and one robber fired, a bullet passing his head but striking neither official. The robbers then climbed through the hole in the wire screen at the cashier's window and seized the two bank officials and hustled them into the vault.

A piece of carpet caught in the door. Hastily dumping a pile of gold on the cashier's counter into a sack they escaped. Although market street was crowded with passing people, the robbers made good their escape. It is supposed they secured only \$800.

A STRANGE PHENOMENON.

Black Snow Falls in Chicago and Neighboring Places.

CHICAGO, Feb. 19.—"Black snow" was a novelty enjoyed by this city last night. Between 6 and 7 o'clock there was a fall of a couple of inches.

The weather bureau officials and other supposed good experts were at first inclined to attribute the phenomenon to local atmospheric conditions, in combination with the smoke and grime of the city. Advice, however, that the same results were observed in the suburbs, 35 miles distant, upset all such explanations.

The black snow also fell in Eastern Iowa, Southern Wisconsin, Northern Illinois and Western Indiana.

FOR UNIVERSAL PEACE.

New Yorkers Take Up the Arbitration Movement.

DR. DEPEW FRAMES RESOLUTIONS.

They Provide For Permanent Arbitration Between United States and England—National Conference to Be Held in Washington.

NEW YORK, Feb. 19.—A meeting of prominent citizens of this city and Brooklyn has been held at the residence of Mr. William E. Dodge. The meeting was called by Mayor Strong, General Bristow, Bishop Potter, ex-Chief Justice Daly, Hon. Seth Low and Mr. Dodge for the purpose of forming a committee of representative citizens of New York and Brooklyn to co-operate with similar committees, which have been already established in Chicago, Washington, Philadelphia and other prominent cities in the United States, whose object is the calling of a national conference in the interest of international arbitration between Great Britain and the United States.

Hon. Chauncey M. Depew proposed the following preamble and resolutions, which were adopted:

Whereas, The "true grandeur of nations" means the arts of civilization, justice secured by statute and magnanimity inspired by good will, which conditions are always marred by the wasteful, bitter violence of war, and

Whereas, The United States and Great Britain, akin in language, jurisprudence and legal methods, are already accustomed to arbitrate their disagreements and have emphatically declared themselves in favor of such arbitration—congress by the action of both houses in 1898 and the house of commons by its vote in 1893; therefore,

Resolved, That we earnestly desire such action by our national legislature and the executive as shall make permanent provision for some wise method of arbitration between the two countries, it being our hope that such a step will ultimately lead to international arbitration throughout the civilized world.

Resolved, Accordingly, that measures be taken in the interest of such arbitration and in concert with like committees from other cities for the convening in the city of Washington at the earliest practicable date, of a conference of citizens, representing every portion of the country without distinction of party or creed.

Resolved, That we gratefully recognize the action already taken in this direction by representative citizens of Chicago, Philadelphia and other cities and that we rely on their vigorous co-operation in proving the success of the proposed national conference.

Mr. Depew said that the international arbitration embracing all the nations of Europe was impossible at the present time, but he claimed that between Great Britain and the United States it was not so. The question was being carefully considered by both religious and commercial bodies in Great Britain, and it was very probable that the Liberal party would embody it as a plank in their political platform.

In conclusion, Mr. Depew said: "In our own country, I think, as this movement progresses, it will develop the perfect unanimity exists on this subject, and before long the universal peace which the church has been praying for 2,000 years will be realized."

Bishop Potter, Hon. Chauncey M. Depew, J. C. Cadwalader, Henry E. Howland and W. E. Dodge were appointed as delegates to a meeting in favor of arbitration to take place in Independence hall, Philadelphia, on Washington's birthday, with power to add to their number.

A SLAP AT MANDERSON.

Senator Thurston Makes a Peculiar Speech Favoring McKinley.

LINCOLN, Neb., Feb. 19.—The McKinley club entertained with a banquet last night representatives of the McKinley clubs in Nebraska. Senator Thurston said he had nothing to do with the organization of the McKinley clubs, but was anxious to see Nebraska Republicans free to exercise their choice for president. He thought eight of every ten Nebraska Republicans preferred McKinley.

Said he: "I only ask that the friends of McKinley see to it that the will of the majority is not thwarted; to see that every candidate for delegate honestly announces his position, and above all I ask that the Nebraska delegation shall be selected in such a way that it cannot be used for barter."

This speech is very significant following the announcement of the candidacy of Senator Manderson of this state.

OVER FIFTY PERISHED.

A Fearful Gas Explosion Occurs in a Colorado Mine.

NEW CASTLE, Col., Feb. 19.—An explosion has occurred at the Vulcan mine which was the most disastrous ever known in the history of this camp, and dozens of homes in this little city are desolate.

The force of the explosion caused a cave-in, and the tunnel and air courses were filled with the fallen rock, earth and timbers. Both fan houses were wrecked and the slope and vicinity were so full of debris and the gas was so bad that it was very dangerous work to begin the rescue. Nevertheless, willing hands were soon at work, and five men went down as far as possible to ascertain the condition of the slope, and found it such that it will require much work to regain the laborers. The gas was so bad that after the party had gotten 300 feet they were compelled to recede.

The construction of a temporary fan-house was commenced at once, and the work of pumping fresh air into the mine will soon begin. It is hardly possible that any of the miners are still alive, but the starting of the fans will be made as soon as possible, so that if any have survived they may be kept alive till help reaches them. The only man who got out of the mines at the time of the explosion was Edward Welch, who was near the mouth of the tunnel, and was blown out, his skull fractured, arm broken, face badly cut and burned and all the hair burned from his head. He was breathing when found, but expired shortly after without showing consciousness.

Between 50 and 60 men were in the mine at the time, and all are supposed to have perished.

It is thought the disaster may have been caused by the breaking into an immense pocket of gas generated by fires that are continually burning in the mines. On Feb. 6 State Coal Mine Inspector Griffith inspected the mine and pronounced it in splendid condition, and the work is said to have been done at all times in the most careful manner.

CARTER SETTLES A DISPUTE.

Differences Arise in an Ohio District Regarding Republican Delegates.

WASHINGTON, Feb. 19.—Senator Carter (Mont.), chairman of the Republican national committee, has rendered a decision that will be of interest in every congressional district in the selection of delegates to the St. Louis convention. In the Tenth Ohio district a faction of the Republican party undertook to elect the two delegates from the district at a primary election.

The opposing faction, led by ex-Congressman Thompson, contended that the delegates must be selected according to the practice of selecting congressional candidates in the district, namely, at a convention of delegates chosen by primaries. To secure a decision upon the subject Judge Thompson formally appealed to Chairman Carter and was sustained.

SURE OF NEW SHIPS.

Four and Maybe Six Battleship May Be Built.

NEW TORPEDOBOATS FAVORED.

The House Sub-Committee on Naval Affairs in favor of improving the Navy—Guns to Be Built For the Subsidized Ocean Flyers.

WASHINGTON, Feb. 19.—A considerable increase in the number of battleships for the navy is likely if the views prevail of the sub-committee of the house naval affairs committee having in charge the preparation of the naval appropriation bill. The sub-committee was in session several hours, and the discussion disclosed a majority in favor of making provision for at least four and probably six line-of-battle ships. The torpedo-boats to be authorized will depend very largely on the number of battleships recommended. Should only four battleships be provided for some of the members think 20 torpedo-boats should be allowed, but if an agreement is reached that six battleships are wanted, then the number of torpedo-boats will probably not exceed six to ten.

Secretary Herbert recommended a provision for the enlistment of 1,000 additional men for the navy, and favorable action was taken by the sub-committee regarding it. These men are needed, many of them, for the manning of the new ships, being commissioned from the time to time. The sum of \$200,000 will be appropriated toward the construction of guns for the vessels subsidized by the government—such as the Paris and the New York, and which may be called on for naval purposes in case of necessity.

SENATORS HAVE TILTS.

Lively Colloquies Between a Number—Appropriation Bills Passed.

WASHINGTON, Feb. 19.—The session of the senate furnished a succession of breezy incidents. Little actual work was accomplished, but brief debates in a number of subjects developed frequent sharp personal exchanges between the senators. Mr. Hill of New York had a lively tilt with Mr. Tillman of South Carolina during the debate on Mr. Peffer's resolution for a senate investigation of the recent bond issue. Mr. Allen of Nebraska joined issue with Mr. Gear of Iowa and Mr. Wolcott over the course of the Pacific railway committee in conducting their inquiry. Mr. Chandler and Mr. Cockrell had an animated and good natured colloquy, and General Hawley and Mr. Allen had a difference somewhat less good natured.

Two appropriation bills, the military academy and the pension bill, were passed. Efforts were made to amend the military academy bill by increasing the number of cadets by two from each state, 90 in all, but after a debate of three hours the plan was defeated. The pension appropriation bill, carrying \$12,000,000, was passed, after 10 minutes' debate.

MORTON MUST DISTRIBUTE SEEDS.

The Agricultural Bill Amended and Passed by the House.

WASHINGTON, Feb. 19.—The house has passed the agricultural appropriation bill. It carries \$3,158,192. The section of the revised statutes for the purchase and distribution of "rare and uncommon" seed which Secretary Morton declined to execute in the current appropriation law was repealed, the appropriation for seed was increased from \$10,000 to \$150,000, and its execution was made mandatory upon the secretary. Mr. Cousins of Iowa introduced his amendment to reduce Mr. Morton's salary from \$8,000 to \$25,000 until he expended the appropriation in the current law, but the amendment was ruled out on a point of order. Several amendments to the meat inspection act of 1891 recommended by Mr. Morton, which would have given him additional power to enforce regulations and have strengthened the law by the imposition of penalties and violations, were stricken out.

A resolution was adopted directing the committee on ways and means to investigate the effect of the difference of exchange between gold and silver standard countries upon the manufacturing industries of the United States.

GOLD RESERVE ABOVE \$100,000,000.

Morgan Syndicate Likely to Get the Bonds Not Paid For.

WASHINGTON, Feb. 19.—Secretary Carlisle has not yet decided to whom shall be awarded the bonds upon which default of payment of the first installment was made, nor will he do so until the exact amount of the defaults has been ascertained. There seems to be no reasonable doubt, however, that they will be awarded to J. P. Morgan and his associates under their blanket bid of 10,687.

The gold withdrawals yesterday were: Coin, \$96,700; bars, \$35,800, leaving the true amount of the gold reserve \$80,439,784. It is stated, however, that estimates received of gold deposits at the several sub-treasuries during the last few days increase the reserve to about \$110,000,000.

BANK ROBBED IN DAYLIGHT.

A Cashier in San Francisco Shot At—The Robbers Escape.

SAN FRANCISCO, Feb. 19.—Three masked men entered the Market Street bank, a small institution in the Spreckels building, shortly after 10 a. m., and ordered Cashier Hopkins and Bookkeeper Hayhurst to throw up their hands. Hopkins, who was at the counter, refused and one robber fired, a bullet passing his head but striking neither official. The robbers then climbed through the hole in the wire screen at the cashier's window and seized the two bank officials and hustled them into the vault.

A piece of carpet caught in the door. Hastily dumping a pile of gold on the cashier's counter into a sack they escaped. Although market street was crowded with passing people, the robbers made good their escape. It is supposed they secured only \$800.

DR. DEPEW FRAMES RESOLUTIONS.

They Provide For Permanent Arbitration Between United States and England—National Conference to Be Held in Washington.

NEW YORK, Feb. 19.—A meeting of prominent citizens of this city and Brooklyn has been held at the residence of Mr. William E. Dodge. The meeting was called by Mayor Strong, General Bristow, Bishop Potter, ex-Chief Justice Daly, Hon. Seth Low and Mr. Dodge for the purpose of forming a committee of representative citizens of New York and Brooklyn to co-operate with similar committees, which have been already established in Chicago, Washington, Philadelphia and other prominent cities in the United States, whose object is the calling of a national conference in the interest of international arbitration between Great Britain and the United States.

Hon. Chauncey M. Depew proposed the following preamble and resolutions, which were adopted:

Whereas, The "true grandeur of nations" means the arts of civilization, justice secured by statute and magnanimity inspired by good will, which conditions are always marred by the wasteful, bitter violence of war, and

Whereas, The United States and Great Britain, akin in language, jurisprudence and legal methods, are already accustomed to arbitrate their disagreements and have emphatically declared themselves in favor of such arbitration—congress by the action of both house in 1892 and the house of commons by its vote in 1893; therefore,

Resolved, That we earnestly desire such action by our national legislature and the executive as shall make permanent provision for some wise method of arbitration between the two countries, it being our hope that such a step will ultimately lead to international arbitration throughout the civilized world.

Resolved, Accordingly, that measures be taken in the interest of such arbitration and in concert with like committees from other cities for the convening in the city of Washington at the earliest practicable date, of a conference of citizens, representing every portion of the country without distinction of party or creed.

Resolved, That we gratefully recognize the action already taken in this direction by representative citizens of Chicago, Philadelphia and other cities and that we rely on their vigorous co-operation in proving the success of the proposed national conference.

Mr. Depew said that the international arbitration embracing all the nations of Europe was impossible at the present time, but he claimed that between Great Britain and the United States it was not so. The question was being carefully considered by both religious and commercial bodies in Great Britain, and it was very probable that the Liberal party would embody it as a plank in their political platform.

In conclusion, Mr. Depew said: "In our own country, I think, as this movement progresses, it will develop the perfect unanimity exists on this subject, and before long the universal peace which the church has been praying for 2,000 years will be realized."

Bishop Potter, Hon. Chauncey M. Depew, J. C. Cadwalader, Henry E. Howland and W. E. Dodge were appointed as delegates to a meeting in favor of arbitration to take place in Independence hall, Philadelphia, on Washington's birthday, with power to add to their number.

A SLAP AT MANDERSON.

Senator Thurston Makes a Peculiar Speech Favoring McKinley.

LINCOLN, Neb., Feb. 19.—The McKinley club entertained with a banquet last night representatives of the McKinley clubs in Nebraska. Senator Thurston said he had nothing to do with the organization of the McKinley clubs, but was anxious to see Nebraska Republicans free to exercise their choice for president. He thought eight of every ten Nebraska Republicans preferred McKinley.

He said: "I only ask that the friends of McKinley see to it that the will of the majority is not thwarted; to those every candidate for delegate honestly announces his position, and above all I ask that the Nebraska delegation shall be selected in such a way that it cannot be used for barter."

This speech is very significant following the announcement of the candidacy of Senator Manderson of this state.

OVER FIFTY PERISHED.

A Fearful Gas Explosion Occurs in a Colorado Mine.

NEW CASTLE, Col., Feb. 19.—An explosion has occurred at the Vulcan mine which was the most disastrous ever known in the history of this camp, and dozens of homes in this little city are desolate.

The force of the explosion caused a cave-in, and the tunnel and air courses were filled with the fallen rock, earth and timbers. Both fan houses were wrecked and the slope and vicinity were so full of debris and the gas was so bad that it was very dangerous work to begin the rescue. Nevertheless, willing hands were soon at work, and five men went down as far as possible to ascertain the condition of the slope, and found it such that it will require much work to regain the laborers. The gas was so bad that after the party had gotten 200 feet they were compelled to recede.

The construction of a temporary fan-house was commenced at once, and the work of pumping fresh air into the mine will soon begin. It is hardly possible that any of the miners are still alive, but the starting of the fans will be made as soon as possible, so that if any have survived they may be kept alive till help reaches them. The only man who got out of the mines at the time of the explosion was Edward Welch, who was near the mouth of the tunnel, and was blown out, his skull fractured, arm broken, face badly cut and burned and all the hair burned from his head. He was breathing when found, but expired shortly after without showing consciousness.

Between 50 and 60 men were in the mine at the time, and all are supposed to have perished.

It is thought the disaster may have been caused by the breaking into an immense pocket of gas generated by fires that are continually burning in the mines. On Feb. 6 State Coal Mine Inspector Griffith inspected the mine and pronounced it in splendid condition, and the work is said to have been done at all times in the most careful manner.

CARTER SETTLES A DISPUTE.

Differences Arise in an Ohio District Regarding Republican Delegates.

WASHINGTON, Feb. 19.—Senator Carter (Mont.), chairman of the Republican national committee, has rendered a decision that will be of interest in every congressional district in the selection of delegates to the St. Louis convention. In the Tenth Ohio district a faction of the Republican party undertook to elect the two delegates from the district at a primary election.

The opposing faction, led by ex-Congressman Thompson, contended that the delegates must be selected according to the practice of selecting congressional candidates in the district, namely, at a convention of delegates chosen by primaries. To secure a decision upon the subject Judge Thompson formally appealed to Chairman Carter and was sustained.

ALABAMA.

Criticism of One of America's Foremost
Theatrical Managers.

There is no one more experienced in
matters theatrical, nor is there any
one whose opinion upon plays and
players is more respected than that of
A. M. Palmer, the foremost theatrical
manager of this country. On May
12 last, an article on "American
Plays," written by Mr. Palmer,
appeared in the New York World;
the following is an extract from the
article:—"The best American play
written so far, is, in my opinion,
'Alabama,' by Augustus Thomas.
Other pieces might be cited in com-
parison with it, but it will be found
that they have more artificiality or
are made out of commoner material.
'Alabama' has a largeness of heart
about it that is national; it is thor-
oughly natural; each moment of it
has its special entertainment for you;
its language is as chaste as I have
ever encountered; everything about it
is genuine, and in every particular it
is American." This opinion of Mr.
Palmer is heartily endorsed by the
playgoers of this city, who were so
fortunate as to witness this attrac-
tion when it played here. The stage
hands have been very fortunate in
receiving it for their benefit, on Tues-
day evening, March 3d. Tickets are
now on sale, and are being rapidly
taken.

in delighting you. The ladies will be
pleased with the rich costumes.

Kind Words.
The Cleveland Leader of Feb. 18

praise of the Hanford, Spencer &

Touching the scenery used in Julius
Caesar by the Hanford-Spencer-
O'Brien company, the Chicago Inter-
Ocean says: "If the production has
ever been surpassed, so much more
glory to the stage that has been able
to excel a production so complete
and splendid." Their Othello scenery
is on a par with their Julius Caesar
scenery.

HER FIRST PATIENT.

**A Beautiful Incident in the Childhood of
Florence Nightingale.**

There is a beautiful incident related
of Florence Nightingale, when she was
a child. It shows that God had already
planted within her the germ which was
to develop so beautifully in after days.

Her first wounded patient was a Scotch
shepherd dog. Some boys had hurt and
apparently broken its leg by throwing
stones, and it had been decided to hang
it to put it out of its misery.

The little girl went fearlessly up to
where he lay, saying, in a soft, caressing
tone, "Poor Cap, poor Cap." It was
enough. He looked up with his speak-
ing brown eyes, now bloodshot and full
of pain, into her face, and did not re-
sent it when, kneeling down beside
him, she stroked with her little un-
gloved hand the large, intelligent head.

To the vicar, he was rather less
amenable, but by dint of coaxing he at
last allowed him to touch and examine
the wounded leg. Florence persuasively
telling him that it was "all right." In-
deed, she was on the floor beside him,
with his head on her lap, keeping up a
continuous murmur, much as a mother
does over a sick child. "Well," said the
vicar, rising from his examination, "as
far as I can tell, there are no bones bro-
ken; the leg is badly bruised. It ought
to be fomented to take the inflammation
and swelling down." "How do you
foment?" asked Florence. "With hot
cloths dipped in boiling water," an-
swered the vicar. "That's quite
easy. I'll stay and do it. Now, Jimmy,
get sticks and make the kettle boil."

There was no hesitation in the child's
manner. She was told what ought to be
done, and she set about doing it as a
simple matter of course. "But they will
be expecting you at home," said the
vicar. "Not if you tell them I'm here,"
answered Florence, "and my sister and
one of the maids can come and take me
home in time for tea, and," she hesitat-
ed, "they had better bring some old flannel
and cloths; there does not seem to be
much here. But you will wait and
show me how to foment, won't you?"

"Well, yes," said the vicar, carried
away by the quick energy of the little
girl. And soon the fire was lit and the
water boiling. An old smock frock of
the shepherd's had been discovered in a
corner, which Florence had deliberately
torn in pieces, and to the vicar's remark,
"What will Roger say?" she answered,
"We'll get him another." And so Flo-
rence Nightingale made her first com-
press and spent all that bright spring
day in nursing her first patient—the
shepherd's dog.—Everywhere.

USES OF OZONE.

Ozone is now practically applied for
several purposes. Experiments with it
have shown that it will artificially age
brandy, whisky, sweet and hard wines
and liquors. Ozone will also improve
coffee by rendering harmless oily beans.

The aroma of tobacco is also considera-
bly improved by the application of
ozone. The latest application of it is for
rapid seasoning of wood for sounding
boards of musical instruments, which
for the purpose is left in a hermetically
closed, heated room from 12 to 24
hours, ozonized air being freely intro-
duced into the room. It seems that this
process will harden the wood, increase
its resistance against the influence of
temperature and moisture and give it
considerably more acoustic or resound-
ing quality.

Another recent application of ozonized
air is that of the thickening of linseed
oil for the manufacture of linoleum,
which by the old process took several
months. By the liberal use of ozone
linseed oil is now thickened to the re-
quired consistency within a few days.
Most remarkable, however, is the ad-
vantage of employing ozone for bleach-
ing linen, since the time employed is
less than one-third of the bleaching
process by sunlight, not considering that
this latter is dependent both upon the
season and the weather. The ozone pro-
cess of bleaching renders the work abso-
lutely independent of outside influences.
Ozone has also been found very valu-
able in chemical and technical processes,
particularly in the production of pure
derivatives of starch, for instance, solu-
ble starch, dextrin, crystal gum, etc.
Here the ozone is instrumental in tak-
ing away all the matter which causes
the dark color, bad odor and taste.—

Schiaparelli, the astronomer who first
discovered the so called "canals" of
Mars, did so with a much smaller tele-
scope than those in use in many other
observatories at that time. And yet he
is a very nearsighted man. Garrett P.
Serviss of Brooklyn, in speaking of his
first interview with the eminent Italian,
said that Schiaparelli would hold a vis-
itor's card within five or six inches of
his eyes in order to decipher it. The sin-
gular part of this story is not that a
man with such an infirmity should be
able to outdo other astronomers, for
keenness of vision depends rather upon
the retina than the convexity of the
lenses of the eye, and the eyespeice of a
telescope can be focussed so as to suit
the latter. But it does seem a little odd
that the gifted scientist in question
should habitually refrain from wearing
eyeglasses. Possibly he has a theory as
to the effect of their use upon his visual
powers.

ALABAMA.

Criticism of One of America's Foremost
Theatrical Managers.

There is no one more experienced in
matters theatrical, nor is there any
one whose opinion upon plays and
players is more respected than that of
A. M. Palmer, the foremost theatrical
manager of this country. On May
12 last, an article on "American
Plays," written by Mr. Palmer,
appeared in the New York World;
the following is an extract from the
article:—"The best American play
written so far, is in my opinion,
'Alabama,' by Augustus Thomas.
Other pieces might be cited in com-
parison with it, but it will be found
that they have more artificiality or
are made out of commoner material.
'Alabama' has a largeness of heart
about it that is national; it is thor-
oughly natural; each moment of it
has its special entertainment for you;
its language is as chaste as I have
ever encountered; everything about it
is genuine, and in every particular it
is American." This opinion of Mr.
Palmer is heartily endorsed by the
playgoers of this city, who were so
fortunate as to witness this attrac-
tion when it played here. The stage
hands have been very fortunate in
receiving it for their benefit, on Tues-
day evening, March 3d. Tickets are
now on sale, and are being rapidly
taken.

OTHELLO.

Citizens of East Liverpool Will Have a
Rare Treat.

Have you secured your seats for the
great Shakespearean play, which will
be placed on the boards tomorrow
night, Thursday, February 20th, at
the Grand Opera House, East Liver-
pool? If not, you should hasten and
do so, as the company producing it
comes into our city with the most flatter-
ing testimonials from the leading
citizens of the land. The company is
composed of true artists, while the
scenery and stage setting cannot fail
in delighting you. The ladies will be
pleased with the rich costumes.

TWO BREAKDOWNS.

cidents.

Howard Mercer, a driver of a dray,
had a breakdown with a load of casks,
on Second street this morning. A
wheel gave way. Wallace Simms, an
expressman, also had a similar acci-
dent at the same place about noon. A
wheel of his wagon caught on the
street car track and the wheel and
axle both gave way.

Kind Words.

The Cleveland Leader of Feb. 18
and 19, speaks in unstinted terms of
praise of the Hanford, Spencer &
O'Brien Dramatic company, which
appears at the Grand tomorrow
night. The Leader states that, in
both "Julius Caesar" and "Othello,"
the company is simply superb. Don't
miss this rich treat, ye residents of
East Liverpool. Secure your seats for
"Othello" at once.

Touching the scenery used in Julius
Caesar by the Hanford-Spencer-
O'Brien company, the Chicago Inter-
Ocean says: "If the production has
ever been surpassed, so much more
glory to the stage that has been able
to excel a production so complete
and splendid." Their Othello scenery
is on a par with their Julius Caesar
scenery.

Supper and admission 25 cents. You

friends and enjoy the feast.

There is such a world of fine scenery
and rich costumes in Othello that the
opera house stage must be stripped of
belongings to make room for the Han-
ford, Spencer and O'Brien outfit. A
60 foot car is required to carry the
spectacle.

Football.

The Association football club will
meet tonight in the Y. M. C. A.
rooms to make arrangements for their
game with the Standards Saturday.

Apart from the three stars, the com-
pany presenting Othello is rich in
such able players as Macomber, Mor-
ton, Bertram, Temple, Buhler, Prior,
Huffman and Nalley.

A Des Moines woman who has been
troubled with frequent colds, con-
cluded to try an old remedy in a new
way, and accordingly took a table-
spoonful (four times the usual dose) of
Chamberlain's Cough remedy just be-
fore going to bed. The next morning
she found that her cold had almost
entirely disappeared. During the day
she took a few doses of the remedy
(one teaspoonful at a time) and
at night again took a table-
spoonful before going to bed, and on
the following morning awoke free
from all symptoms of the cold. Since
then she has, on several occasions,
used this remedy in like manner, with
the same good results, and is much
elated over her discovery of so quick a
way of curing a cold. For sale by A.

see such a perfect all around produc-

Recovering.

O. E. McCoy, a resident of Garden-

ness with lung trouble.

O. W. G. Hardman, sheriff of Tyler
county, W. Va., appreciates a good
thing and does not hesitate to say so.
He was almost prostrated with a cold
when he procured a bottle of Cham-
berlain's cough remedy. He says: "It
gave me prompt relief. I find it to be
an invaluable remedy for coughs and
colds." For sale by A. H. Bulger,
druggist.

Desdemona, considered one of the
most fascinating of Shakespeare's
heroines, will be played charmingly
by Nora O'Brien.

Mrs. Emily Thorne, who resides at
Toledo, Washington, says she has
never been able to procure any medi-
cine for rheumatism that relieves the
pain so quickly and effectually as
Chamberlain's pain balm, and that
she has also used it for lame back
with great success. For sale by A. H.
Bulger, druggist.

If there be anything lacking in the
acting or staging of Othello, critics
elsewhere have not discovered it.

HER FIRST PATIENT.

A Beautiful Incident in the Childhood of
Florence Nightingale.

There is a beautiful incident related
of Florence Nightingale, when she was
a child. It shows that God had already
planted within her the germ which was
to develop so beautifully in after days.

Her first wounded patient was a Scotch
shepherd dog. Some boys had hurt and
apparently broken its leg by throwing
stones, and it had been decided to hang
it to put it out of its misery.

The little girl went fearlessly up to
where he lay, saying, in a soft, caressing
tone, "Poor Cap, poor Cap." It was
enough. He looked up with his speak-
ing brown eyes, now bloodshot and full
of pain, into her face, and did not re-
sent it when, kneeling down beside
him, she stroked with her little un-
gloved hand the large, intelligent head.

To the vicar, he was rather less
amenable, but by dint of coaxing he at
last allowed him to touch and examine
the wounded leg. Florence persuasively
telling him that it was "all right." In-
deed, she was on the floor beside him,
with his head on her lap, keeping up a
continuous murmur, much as a mother
does over a sick child. "Well," said the
vicar, rising from his examination, "as
far as I can tell, there are no bones broken;
the leg is badly bruised. It ought to
be fomented to take the inflammation
and swelling down." "How do you
foment?" asked Florence. "With hot
cloths dipped in boiling water," an-
swered the vicar. "Then that's quite
easy. I'll stay and do it. Now, Jimmy,
get sticks and make the kettle boil."

There was no hesitation in the child's
manner. She was told what ought to be
done, and she set about doing it as a
simple matter of course. "But they will
be expecting you at home," said the
vicar. "Not if you tell them I'm here,"
answered Florence, "and my sister and
one of the maids can come and take me
home in time for tea, and," she hesitated,
"they had better bring some old flannel
and cloths; there does not seem to be
much here. But you will wait and
show me how to foment, won't you?"
"Well, yes," said the vicar, carried
away by the quick energy of the little
girl. And soon the fire was lit and the
water boiling. An old smock frock of
the shepherd's had been discovered in a
corner, which Florence had deliberately
torn in pieces, and to the vicar's remark,
"What will Roger say?" she answered,
"We'll get him another." And so Flo-
rence Nightingale made her first com-
press and spent all that bright spring
day in nursing her first patient—the
shepherd's dog.—Everywhere.
